Please note the technical data of the products!

Article Numbers: 177308, 177300, 177290, 177284, 177274, 177266

Safety Instructions:

- Before use, make sure that the cable is not damaged and has no visible defects.
- Do not use the cable in damp or wet environments; it should only be used in dry conditions and indoors.
- Switch off all electrical devices before installation and ensure that the cable is not used in defective sockets or with damaged plugs.
- Do not bend or kink excessively to prevent damage. Avoid contact with sharp objects or edges.
- Avoid pulling on the cable to prevent damage. Check the cable connection regularly to avoid overloading.
- Do not store or use near heat sources; avoid high temperatures and direct sunlight.
- Only use the product in compliance with the operating voltage and in compatible devices to avoid electrical damage.
- The cable is not intended for use in life-saving medical devices.
- This is not a toy. Not suitable for children under 36 months due to small parts and choking hazard.
- Disconnect the cable from the power supply before carrying out maintenance work.
