Article Number: 34253

Safety Instructions:

- Make sure to store the labels in a dry, dust-free place to ensure optimum adhesion.
- Avoid contact with water and damp environments to extend the shelf life of the labels.
- All labels must not come into contact with the skin in order to avoid skin irritation.
- The labels are not suitable for children under 3 years of age as they could pose a choking hazard.
- When using the labels on electrical devices, the safety regulations of the respective device must be observed.
