Article Numbers: 186722, 186721

Safety Instructions:

- Ensure that the LED light is properly wired to avoid the risk of electric shock.
- Only use the light with the recommended voltage to avoid the risk of fire.
- Keep the light away from water to prevent electric shocks and damage.
- Avoid using the light in damp or wet environments.
- The light must not be operated near heat sources or naked flames.
- Regularly check the condition of the power cable and plug to ensure that they are in perfect condition.
- The light should not be covered or used for drying to avoid overheating.
- Not suitable for children under 3 years of age as small parts may be present.
- Handle with care to avoid injury from sharp edges.
- Do not touch in the event of a power failure as there is a risk of electric shock.
- The LED lamps cannot be replaced; if they are defective, the entire light must be replaced.
- Energy efficiency class: F; can cause high operating costs.
