

Product Safety Information

Sump tray, type AW60-1 SR, mobile

Please note the technical data of the products!

Article Numbers: 133985, 133984, 133983, 133982, 133981, 133980

Safety Instructions:

- Only use the drip tray on stable, level surfaces to prevent tipping.
- Store a maximum of 2 barrels of 60 litres each to avoid overloading.
- Do not exceed the maximum load of 1000 kg/m².
- Regularly check for leaks, stability and damage to the tank.
- Product only suitable for non-toxic or appropriately labelled materials.
- Regularly check the wheels and their function to avoid accidents.
- Do not use for the transport of flammable or hazardous substances.
- Risk of injury due to crushing if handled incorrectly.
- The product is heavy and very large, so only lift with suitable aids.
- Lock the castors to prevent unwanted rolling.
