Safety Instructions:

- Only install the product with suitable installation material and instructions.
- Ensure that the wall mounting is carried out stably and correctly to avoid the risk of falling and injury.
- Install the product out of the reach of children and keep it away from children to avoid injury.
- Avoid improper use or overloading the wall rail. Do not use beyond the recommended load limits.
- Warning: Sharp edges on the aluminium surface. Include the necessary safety instructions for handling the protective rail and attach it correctly to minimise injuries.
- Take suitable safety precautions when installing overhead.
- Note: Product is not suitable for outdoor use to avoid corrosion.
- Use suitable protective equipment (e.g. safety goggles, gloves) during installation.
- Ensure that the wall installation is sufficiently stable. Check the load-bearing capacity of the wall before installation.
- Follow the manufacturer's instructions for use.
- Dispose of the product in accordance with local regulations for materials, especially metal.
- Do not use sharp objects or tools near the product to avoid injury.
- Use the correct fastening technique for installation.
