Safety Instructions:

- Risk of suffocation from small parts if they can be detached.
- Do not use in the area of foodstuffs or chemical substances in order to exclude risks.
- The use of strong magnets could lead to injuries if used improperly.
- The product should be kept out of the reach of children.
- Avoid using the product on unstable or unsuitable surfaces.
- Take care not to place the product near heat sources or in direct sunlight to avoid discolouration of the material.
- Do not use the product on sensitive surfaces to avoid damage.
- The product should not be stored under extreme temperatures to ensure the integrity of the material.
- If the product is damaged, in particular the magnet, it must not be used any further.
