Article Numbers: 308138, 308137

Safety Instructions:

- The height adjustment of the chair must be set correctly to prevent injuries.
- Avoid overloading the chair so as not to jeopardise its stability.
- The chair is designed for ESD environments; ESD guidelines must be observed.
- Use suitable cleaning and maintenance products to ensure the safety and service life of the chair.
- Make sure that the chair is placed on a stable, level floor to prevent it from tipping or slipping.
- Use the chair only for its intended purpose.
- The chair must not be used by persons with reduced mobility without appropriate support.
- Regularly check the gas spring for functionality and safety.
- Watch out for sharp edges and danger points during use.
