

Product Safety Information

Shelf for System R 3000/4000, 1282 mm wide, painted

Please note the technical data of the products!

Article Numbers: 33648, 33647, 33645, 30479, 30462, 30460

Safety Instructions:

- The product may only be used in accordance with the manufacturer's specifications.
- Do not exceed the maximum load capacity of 250 kg; observe equal load distribution to avoid structural damage.
- Do not exceed the maximum load capacity of 150 kg with even load distribution.
- The shelf may only be used on stable, level surfaces.
- Observe the safety instructions and assembly instructions to avoid injury.
- Ensure that the shelf is properly installed and secured to prevent it from tipping over or slipping.
- The product is not suitable for damp or wet environments; suitable for dry indoor areas.
- Additional support may be required on rough or uneven surfaces.
- Avoid knocks or abrupt lifting; this impairs the stability of the shelf.
- During assembly, ensure that all parts are firm and stable.
- Regularly check the stability and the shelf supports before use.
- Follow the safety information in the operating instructions.
- Avoid storing sharp or pointed objects to prevent cracking.
- Keep the shelf away from water and extreme temperatures to prevent material damage.
