### Safety Instructions:

- Read the operating instructions carefully before use.
- Ensure that the area of application of the device corresponds to the specifications.
- When using the appliance, ensure that no liquids get onto electrical components.
- Do not operate the device in damp environments unless expressly permitted.
- Small parts could be a choking hazard for children; keep out of reach of children.
- Check the mains connection cable for damage before use.
- Only use the appliance with the intended accessories.
- Check workshop soiling and coarse dirt for extraction in accordance with the manufacturer's instructions.
- Check the appliance regularly for function-specific defects and wear.
- In the event of a fault, stop using the appliance immediately and have it checked by a quality service provider.
