Safety Instructions:

- Installation should be carried out by a qualified person.
- Do not dispose of the product together with household waste. Instead, use the appropriate local recycling or disposal centres.
- Ensure that use is in accordance with the instructions provided to minimise the risk of injury.
- Use only in accordance with the intended use.
- During installation, ensure that the rails are firmly and stably attached to the wall.
- Do not use in places with high humidity or extreme heat.
- Children should be supervised during use to avoid injury.
- Attach securely to the wall to avoid the risk of falling or injury.
- Before installation, ensure that the wall is load-bearing and stable.
- Do not install in areas where people or objects could fall.
- Follow the installation instructions carefully to avoid malfunctions.
