Please note the technical data of the products!

Article Numbers: 96960, 96956

Safety Instructions:

- Ensure safe handling of the mesh shelf trolley to avoid injury. The trolley should be used by children under adult supervision, as injuries can be caused by improper use.
- Only use the trolley on smooth and level surfaces and be careful on uneven surfaces to prevent tipping or imbalance.
- Ensure that the load capacity is not exceeded (maximum 600 kg) to avoid structural damage. Caution: Avoid overloading the trolley.
- Use the swivel castors with brakes locked when the trolley is not being moved to prevent it from rolling away unintentionally.
- Ensure that all shelves are securely attached before the trolley is loaded. The shelves must be ordered separately and may only be used in the intended manner.
- Take care not to tip over when pushing or pulling the trolley.
- Use suitable locks for the box locks to prevent unauthorised access.
- Regularly check the swivel and fixed castors for damage to ensure safety.
