Safety Instructions:

- Ensure that the cabinet is stable to prevent it from tipping over, as the product may fall over if used incorrectly.
- Correctly adjust the integrated height adjusters and ensure that no children have access to the height adjusters.
- Do not store heavy objects above the recommended size in the roller shutter cabinet.
- Keep packaging material and small parts away from children to avoid the risk of choking and swallowing.
- Avoid using sharp objects for cleaning so as not to damage surfaces.
- Keep product away from water and moisture.
- Do not apply excessive loads.
- Regular inspection for damage before use.
- Product does not contain any hazardous substances according to the applicable regulations.
- Provide clear instructions for safe use and installation.
- Keep product labelling and identification information available.
- Inform consumers about possible risks during use.
- If safety problems occur, initiate immediate corrective measures.
- Establish communication channels to inform consumers about safety issues.
- Use only in accordance with the enclosed instructions.
