Safety Instructions:

- Mount the roller shutter cabinet stably and adjust the height adjusters to prevent it from tipping over and to compensate for uneven floors.
- Do not exceed the maximum loads on the shelves to prevent them from breaking or deforming.
- Keep the product away from dust, moisture and water to prevent damage.
- Protect sharp edges and small parts from children to avoid injuries and the risk of choking.
- Read the installation instructions before use and follow all installation and operating instructions exactly.
- Ensure that all parts are present and undamaged before installation.
- Only use the product in a stable location and for its intended purpose.
- The product must not be used if it is damaged or handled improperly.
- Adopt a safe posture when lifting heavy components to avoid injury.
- Keep product away from heat sources.
- Children should only use the product under adult supervision or should generally be excluded from using it.
- Daily stability checks are recommended.
- Only use suitable tools for installation.
