Article Numbers: 192193, 192192, 192191, 192190

Safety Instructions:

- The cabinet should be fixed to the wall and all mounted parts must be firm and stable to prevent tipping.
- Avoid attaching heavy objects to the top shelves and do not exceed the recommended maximum load to ensure stability.
- Do not place the product near heat sources or damp locations and keep it away from moisture and extreme temperatures to avoid damage.
- Do not smoke near the product as flammable materials may be present.
- Ensure that the cabinet is positioned on a level and stable surface and use the integrated height adjusters and levelling feet correctly to ensure stability.
- Avoid contact with water to prevent mould growth and rotting.
- The product should be kept away from children. Keep small children away from the height settings and moving parts to avoid injury.
- Use and install the product in accordance with the specified user instructions and technical specifications to avoid damage and injury.
