Safety Instructions:

- Make sure that the cabinet is standing on a stable surface and that the integrated height adjusters are correctly adjusted to prevent tipping and the risk of tripping.
- When adjusting the height adjusters, make sure that the cabinet does not tilt.
- Avoid overloading the shelves and keep the shelves free of excessive loads to prevent damage and loss of stability.
- Keep small parts and sharp edges away from children and ensure that there are no hard-to-reach or faulty parts that could cause injury.
- Read the installation instructions carefully and follow the instructions precisely to avoid improper construction and injury.
- When using the cabinet, ensure that heavy objects are stored at the bottom to prevent them from tipping over.
- The product is not suitable for use by children under 12 years of age, although it does not contain any dangerous parts.
- Only use the recommended fixings and accessories.
- The cabinet should be installed and used in accordance with the specifications of DIN EN 14322.
- Ensure that there are no sharp edges or material defects that could cause injury.
- Do not use aggressive chemicals for cleaning to avoid damaging the surface.
