Safety Instructions:

- Before use, ensure that the speed bump is correctly and securely installed to avoid instability.
- Do not drive over the speed bump if it is damaged.
- The maximum speed on the speed bump must not exceed 10 km/h.
- Reflectors are available to increase visibility in the dark.
- Can be a tripping hazard, especially in wet or slippery conditions.
- When installing, ensure that appropriate markings are used to warn other road users.
- Appropriate fixing bolts are required for installation; these must be ordered separately.
