

Product Safety Information

Side panel, H 2967 mm

Please note the technical data of the products!

Article Numbers: 30571, 30570, 30569, 30568, 30567

Safety Instructions:

- Ensure that the side panel is correctly fitted and locked between the shelf uprights to prevent it from tipping over.
- The product must not be used by children as there is a risk of injury when climbing.
- Suitable personal protective equipment (e.g. gloves) must be worn when handling the side panel to prevent injuries from sharp edges.
- The product must be installed on a stable and level surface to minimise the risk of tipping over.
- The use of protective devices or guardrails is recommended to prevent falls.
- Follow the instructions for safe assembly to avoid risks during assembly and installation.
- Observe the maximum load limit of the side panel in accordance with the manufacturer's instructions to prevent overloading.
- Provide warnings that the side panel is only suitable for the intended use.
- Installation personnel should be informed about special safety requirements.
- Avoid sharp objects in the vicinity that could damage the surface of the side panel.
- Keep the storage areas free of obstacles to avoid tripping and falling accidents.
- Product may contain sharp-edged elements; there is a risk of injury if used incorrectly.
- Provide safety information and installation instructions in the local language to avoid misunderstandings.
- Secure the side panel properly to prevent injuries from falling objects.
- The product packaging should ensure that no sharp edges are exposed.
