Safety Instructions:

- Observe the maximum load capacity of 85 kg and distribute evenly.
- Ensure installation on a stable, level surface.
- Mount the shelves correctly to prevent them from tipping over or breaking.
- Follow the installation instructions to prevent improper installation.
- Keep out of the reach of children to reduce the risk of injury.
- Keep small children away from shelves to avoid the risk of choking on small parts.
- Do not use if damaged or rusty.
