Safety Instructions:

- Ensure that the shelf is mounted stably and placed securely on a stable, level surface to prevent it from tipping over.
- Avoid overloading the shelves and the shelf as a whole to prevent them from breaking or objects from sliding off.
- Store heavy objects in the lower shelf area to increase stability.
- Young children should be supervised to avoid injury from climbing or knocking over.
- Only use recommended cleaning agents to avoid damaging the surface.
- Keep the assembly instructions to hand and follow them step by step. All available safety information and the thickness and stability of the wall must be observed when installing the shelf.
- The shelf is only suitable for indoor use. Do not expose to weather conditions.
- Keep the shelf away from moisture and direct heat sources to prevent damage to the material.
- Adjust the integrated height adjusters correctly to ensure even load distribution.
- Avoid sharp edges to prevent cuts.
- Store small parts safely to avoid the risk of suffocation. Caution: Choking hazard due to small parts that can easily fall off.
- Suitable for children aged 6 and over. Keep small parts out of the reach of small children.
- In the event of an accident, inform the manufacturer's contact centre immediately.
