Safety Instructions:

- Installation may only be carried out by qualified persons.
- Only use the product indoors, not outdoors.
- Avoid using the product near water sources and keep it away from water and moisture.
- The shelf must be placed on a stable and level surface to prevent it from tipping over. Integrated height adjusters must be properly installed.
- Observe the maximum load per shelf and the maximum load capacity to prevent tipping. Avoid storing heavy objects on top shelves.
- Product is not intended as a toy and should be kept out of the reach of children. Consideration of special requirements in households with children or elderly people.
- Check for stability before use and ensure that all parts are properly screwed together to ensure safe use. There is no visible damage.
- Take care to remove any sharp edges or protruding parts that could cause injury.
- Observe the installation instructions and provide clear information on installation and usage instructions.
- The product must comply with the general safety requirements of Regulation (EU) 2023/988.
- Small parts could pose a choking hazard.
