Safety Instructions:

- Not suitable for children under 3 years of age as it contains small parts that pose a choking hazard.
- Avoid use in damp environments to prevent corrosion damage.
- Ensure that the product is placed on a stable and level surface to avoid falls.
- Drawers are not suitable for transporting heavy loads; make sure that the weight of the contents does not exceed the maximum load.
- Make sure that the product is not loaded with very heavy or sharp-edged objects to avoid injury.
- Drawers must not be overloaded to avoid jamming or breaking.
- The drawers should only be operated by adults to minimise the risk of accidents involving children.
- Risk of injury due to improper use. Only use for the intended purpose to avoid safety risks.
- Special care must be taken when using automatic carousels.
- Observe protective measures against sharp edges during use.
- Ensure that the drawers are correctly engaged to prevent them being pulled out and possible injury.
- Due to its stability, the magazine must be set up according to the user's specific requirements in order to minimise the risk of accidents.
