Please note the technical data of the products!

**Article Numbers:** 44888, 44884, 44880, 132253, 132245, 132237

### Safety Instructions:

- Ensure that the changing bench is assembled correctly in accordance with the enclosed instructions to ensure stability and safety. If in doubt, consult specialised personnel.
- Avoid overloading the bench to prevent the structure from tipping over or breaking. Observe the load limits according to the specifications.
- The bench should be placed on a stable and level surface to prevent it from wobbling or tipping over.
- Keep the area around the bench free of obstacles to avoid tripping hazards.
- Cut the cardboard carefully and do not use any sharp or pointed objects to avoid damaging the surface of the bench.
- The product is optimised for damp rooms. Ensure that the bench is not exposed to direct water for long periods and is only used in damp rooms if it is suitably designed.
- Keep the installation instructions as they contain important information on safety and correct use.
- Only use the bench for its intended purpose. Do not use for climbing or as a springboard. Children should only access the bench under adult supervision.
- Beware of sharp edges during installation. Improper use can lead to injuries.
- Regularly check the stability and condition of the bench. Do not use the bench if parts are loose or damaged.
- The bench is not suitable for use outdoors or in extremely humid environments unless it is explicitly designed for this purpose.
- Keep the bench dry to prevent corrosion and damage.
