Article Numbers: 90089, 90088

Safety Instructions:

- Observe the safety instructions as the product contains chipboard and can splinter if handled incorrectly.
- For safe use, follow the manufacturer's instructions for installation and use.
- The product must be placed on a stable surface to prevent tipping and falling over.
- Wear suitable personal protective equipment when assembling or customising the product.
- Only use the ESD base plate in dry environments.
- Avoid contact with moisture so as not to impair the electrical properties.
- Ensure that the ESD coating remains undamaged to guarantee conductivity.
- Parts of the ESD table trolley that are designed for assembly in contact with electrical devices should be securely fastened.
- Regularly check the ESD functionality and the physical integrity of the disc.
