Article Numbers: 95929, 95928, 95923, 95922

Safety Instructions:

- The guide rail may only be installed and used by qualified personnel.
- Ensure that the track is installed using suitable tools and materials to avoid injury.
- Before use, the running track should be checked for damage and regularly inspected for signs of wear or damage.
- The maximum load on the running track must not be exceeded.
- Avoid any contact with water or other liquids to minimise electrical hazards. Only suitable for use in dry environments.
- Have regular maintenance carried out on the running track to ensure its safety and performance.
- Ensure that the superstructures are stable and that the running track is correctly mounted and stable to prevent accidents.
- Always keep the work area clean, tidy and free of obstacles to minimise the risk of tripping.
- Only use the guide rail and the product in accordance with the manufacturer's instructions and the intended conditions of use.
- Wear suitable protective equipment such as protective gloves when working with tools and observe all safety precautions during installation.
- Restrict access to the running track for children to minimise the risk of accidents.
- Avoid improper use to prevent injury.
