Safety Instructions:

- Only use mounting materials provided by the manufacturer and follow the installation instructions carefully to ensure structural integrity and stability.
- Install the stand frame properly and anchor the product securely to prevent it from tipping over.
- Do not load the shelf beyond the specified maximum load limit and take care not to overload it to avoid the risk of it tipping over.
- Check the shelving unit regularly for damage and safety defects.
- Use suitable protection and store heavy and bulky objects safely within the intended load limits.
- Ensure that children do not play unsupervised near the shelf.
- Keep the safety information on proper use and handling and familiarise users with the installation instructions to prevent improper use.
