

Product Safety Information

Complete shelving R 7000, 5 inclined shelf levels, W 995 mm

Please note the technical data of the products!

Article Numbers: 46574, 46572, 46569, 46567

Safety Instructions:

- Check the assembly instructions before installation to ensure that the shelf is assembled correctly.
- Do not exceed the maximum load of 200 kg per shelf.
- The shelf must be placed on a stable, level surface to prevent it from tipping over.
- When equipping the shelf, make sure that the heaviest items are stored at the bottom to ensure stability.
- Check shelving regularly for wear and stability.
- To avoid injury, do not allow children access to shelves and shelving units.
- In the event of damage, stop using the shelf and take the necessary corrective measures.
- Assemble the shelf frame stably and securely.
- Keep access to the storage compartments clear to avoid tripping hazards.
- Protect shelving from damage to maintain structural integrity.
- Follow the safety and installation instructions exactly.
- Handle the product responsibly to avoid accidents.
- Do not place small parts near children to avoid the risk of suffocation.
