

Product Safety Information

Add-on bay R 7000, 5 inclined shelf levels, W 1283 mm

Please note the technical data of the products!

Article Numbers: 46584, 46582, 46577

Safety Instructions:

- Note maximum load per shelf: 150 kg for 400 mm depth or 250 kg for 600 mm and 800 mm depth.
- Ensure that the shelves are loaded evenly to avoid overloading.
- Do not use shelves for personal use to avoid the risk of falling.
- Keep children away from the shelves to prevent the risk of suffocation or injury due to improper use.
- Follow the instructions for safe assembly and use of the shelf to avoid injury.
- Before use, ensure that the shelf is correctly assembled and that all parts are complete.
- Wear protective clothing to avoid injury during installation.
- The installation surface must be stable and level to ensure stability.
- Load the shelf evenly and do not overload it (max. 150 kg or 250 kg per shelf depending on the model).
- Avoid using the shelf in areas with high temperatures or humidity.
- Observe all safety instructions in the documentation supplied with the product.
