Safety Instructions:

- Regularly check the stability of the shelf, especially under load, and ensure that it is mounted stably to prevent tipping and that no excessive load is applied.
- Make sure that the parts are assembled correctly during installation and that the side bar is securely fitted to avoid safety risks.
- Keep the area around the shelf free of obstacles to prevent falls.
- The shelf may only be used for the intended applications.
- Child safety: Keep small parts and accessories out of the reach of children and assemble the product out of the reach of children to avoid injury.
- Take care during assembly to avoid injury.
- The product must not be used as a toy by children.
- Before assembly, ensure that the load-bearing capacity of the shelving meets the requirements.
- Check regularly for damage or wear and replace if necessary.
