Safety Instructions:

- Distribute heavy loads evenly to prevent the shelving from tipping over.
- Only use components intended for the shelf to ensure structural stability.
- Keep the shelf away from heat sources and moisture to prevent material damage.
- Ensure that the shelf is standing on a level surface and that all feet are stable on the floor.
- Read the installation instructions carefully and follow the instructions for safe installation.
- Assemble safely and stably to prevent tipping or collapse.
- Do not place the product near water sources to avoid the risk of accidents.
