Safety Instructions:

- Only use the front door for mounting on Archivo shelving.
- Carry out a safety check of the product before use.
- Use suitable protective measures (e.g. gloves) during installation and watch out for sharp edges.
- Check the front door regularly for stability and locks.
- DO NOT leave children near the assembly or utilisation level to avoid injury.
- Suitable for use in households with older children and adults.
- Do not place heavy objects on the front door during use and do not carry excessive loads.
- Follow the installation instructions carefully and use suitable tools. Professional installation recommended.
- Ensure that no sharp objects damage the material during installation.
- The cabinet should be mounted on a stable and level surface to prevent it from tipping over.
- Apply the specified safety instructions and recommended installation heights for optimum user experience.
