Safety Instructions:

- Ensure that the shelf dividers are correctly mounted, fixed and installed to prevent instability, tipping or falling over.
- Ensure that no body parts can become trapped between the compartments.
- Pay attention to the maximum load capacity of the dividers and avoid overloading and excessive weight.
- Ensure that the compartment dividers are checked for visible damage before use.
- Keep children away from the appliance to minimise the risk of injury.
- Do not place any sharp or heavy objects on the shelves to prevent them from tipping over.
- Ensure adequate ventilation if the dividers are used in closed rooms.
- Avoid risk of injury due to improper use or overloading of the dividers.
