Safety Instructions:

- Ensure that the product is assembled and used safely and that all assembly instructions are followed correctly.
- Do not exceed the load capacity of the shelf and load evenly to prevent tipping.
- Keep out of the reach of children to minimise the risk of injury.
- Take care when assembling: secure the shelving unit with sturdy wall or floor anchors and check its stability regularly.
- Do not place the shelf near sources of heat or water to avoid material damage or corrosion.
- Avoid standing on the shelf and keep it away from sharp edges to prevent injury.
- Only use the shelf for the intended products to avoid damage or injury.
- Wear suitable protective equipment when handling the shelf to avoid injury.
