Safety Instructions:

- Check the age labelling for suitability for children; the product is not suitable for children under 3 years of age as it may contain small parts that pose a choking hazard.
- Suitable for children, but adult supervision is recommended. It should only be used under adult supervision.
- Do not put it in your mouth or gnaw on it to avoid the risk of choking.
- Avoid designs that could tempt children to use the product improperly. Keep the product out of the reach of children to prevent improper use.
- Avoid use near water or damp conditions; the product may be damaged. Store it away from moisture to avoid damage such as smudging of the font colour.
- Do not use hazardous chemicals or materials. Ensure that the product is used in a suitable environment to prevent damage.
- Please do not use near open flames.
- Take care during storage to avoid damage.
