Safety Instructions:

- Take care when handling the appliance to avoid injury from moving parts.
- For safe use, no nails or other metal objects should be inserted into the machine.
- Never use the appliance without supervision, especially in the vicinity of children.
- If the appliance overheats or makes an unusual noise, stop it immediately and disconnect it from the power supply.
- Observe the safety instructions and notes in the operating instructions.
- Only operate the appliance at the specified voltage to avoid electrical hazards.
- Disconnect the appliance from the power supply after use, especially if it will not be used for a longer period of time.
