Article Numbers: 26670, 26669, 26668

Safety Instructions:

- Choking hazard due to small parts (e.g. sliding coat hooks).
- Risk of injury due to improper use (e.g. improper use of the bench seat).
- The strength of the material could be dangerous if you are overweight (max. 102 kg).
- Ensure floor ventilation to prevent the formation of mould and odours.
- Make sure that the locking system is secure and functional to prevent theft.
- Suitable for use in changing rooms without supervision to ensure the safety of users.
- Ensure that the clothes locker is stable and cannot tip over to avoid injury.
- Avoid sharp edges and corners that could cause injuries.
- Small parts and moving parts should be designed in such a way that they do not pose a risk of constriction or crushing.
- The product should be used in accordance with the enclosed instructions to ensure safety.
- The cabinet should be checked regularly for damage and stability to ensure the safety of users.
- When used by children, care should be taken to ensure correct handling under adult supervision.
- Only use the product for its intended purpose.
- Take care not to overload the towel rail.
- Keep the locker dry to prevent mould growth.
- If you have any questions or problems, please contact the manufacturer.
