Safety Instructions:

- Select a suitable location for storing flammable liquids and protect from direct sunlight.
- Only use in well-ventilated areas or with the window/door open.
- Protect containers from fire, sparks and heat sources.
- Do not overfill the container to avoid overpressurisation and leakage.
- Store the container in an upright position and set it up safely and stably to prevent it from tipping over.
- Always keep the container properly closed to prevent leakage.
- Be careful when using the pouring spout to avoid spillages.
- Carry out regular checks for leaks and damage to the container.
- Use only for the safe storage and handling of flammable liquids.
- Improper use or damage may result in a fire or explosion hazard.
- Attach all labels and carefully observe the safety information and instructions for use.
- Keep children away and store containers out of their reach.
