Safety Instructions:

- Please note that the scissor lift truck may only be used up to a maximum load capacity of 150 kg.
- Do not use the pallet truck on slippery surfaces or steep slopes.
- Check the condition of the castors and brakes regularly to ensure safety during use.
- Read the operating instructions completely before using the pallet truck.
- Keep the pallet truck away from children as it is not designed for use by children.
- Avoid using the pallet truck with an overload to prevent accidents and damage.
- Ensure that the venting lever is not accidentally actuated while people are in the vicinity.
