Safety Instructions:

- Hazardous substances require correct storage and precautionary measures to avoid hazards.
- There is a risk of fire if used incorrectly; ensure adequate ventilation.
- Do not block the door and ventilation to ensure safety mechanisms.
- Set up and secure the safety storage cabinet in accordance with the assembly instructions to prevent unauthorised access and ensure that national regulations for hazardous substances are complied with.
- Regularly check the seals and materials for wear to ensure safety.
- Incorrect venting can result in dangerous pressure.
