Safety Instructions:

- Set up securely on a stable, level surface to prevent tipping or falling over.
- Do not exceed the maximum load per shelf (50 kg per shelf).
- Take care when handling the key to avoid damaging it and ensure that the doors are properly locked.
- Designed for use in dry rooms; protect from heavy water or extreme conditions.
- Ensure correct installation in accordance with the enclosed instructions to avoid structural damage.
- Use the product only for its intended purpose; improper handling could result in injury.
- Keep away from children; product not intended for use by children.
- Use child safety locks near edges and doors; children should not climb on the cupboard doors.
- Regularly check the function and condition of the lock, hinges and protective measures to prevent the shelves from falling out.
- Provide safety information and instructions for use in understandable language.
- When opening the doors, ensure that your fingers are not trapped.
