Safety Instructions:

- The edges are glued with ABS plastic to prevent injuries from sharp edges.
- If necessary, secure the cabinet to the wall and place it on a stable and level surface to prevent it from tipping over, especially in households with children.
- Avoid overloading shelves and clothes rails; observe the maximum load of 50 kg to prevent damage.
- Keep the cabinet doors closed and handle the doors carefully to avoid the risk of accidents and damage to the hinges.
- Follow the assembly instructions carefully to ensure safety and functionality and check the adjustment screws regularly to ensure that they are tight and stable.
- The cabinet is not suitable for storing hazardous or highly flammable materials.
- The cabinet should be kept away from water sources and open flames to avoid corrosion and fire hazards.
- Use the three-point espagnolette lock and keep the cylinder key in a safe place to prevent unauthorised access.
- The cabinet is not suitable for use by children; keep it out of reach and supervise its use.
- Watch out for sharp edges when handling the cabinet and do not use sharp objects near them to avoid injury.
- The product should not be used with wet hands.
- Choking hazard due to small parts that may fall off if used improperly.
