

Product Safety Information

MAUL neodymium magnet cube

Manufacturer/Responsible Person: Jakob Maul GmbH, Jakob-Maul-Str. 17, 64732 Bad König, Deutschland

E-Mail: contact@maul.de

Please note the technical data of the products!

Article Numbers: 164709, 164707, 164706

Safety Instructions:

- Care must be taken when using the neodymium magnet to avoid injury from crushing. Magnets can strongly attract metal surfaces, which can also lead to crushing injuries.
- Magnets are not suitable for children under the age of 5, as they can be swallowed, posing a choking hazard. Small parts should also be taken into consideration as they also pose a risk.
- Improper handling of magnets can lead to serious injuries, especially if they are handled incorrectly or come into contact with other magnetic objects, which can lead to rapid collisions and injuries.
- Only use undamaged magnets to prevent injuries.
