Safety Instructions:

- Check for stability before use.
- Ensure that the table is correctly mounted to prevent it from slipping or tipping over.
- When using heavy objects on the tabletop, ensure that the maximum load capacity is not exceeded.
- Check the feet regularly for firm seating and levelling to ensure stability.
- Make sure that the table is stable to prevent it from wobbling or tipping over.
- Avoid placing heavy objects on the tabletop to prevent overloading.
- The product should be used in accordance with its intended use in order to minimise risks.
- Ensure that the table is used in a dry and clean area to prevent damage.
- All parts should be checked for completeness before assembly.
- Comply with safety standards in accordance with EU regulations.
- During assembly, ensure that all parts are correctly and firmly connected.
- Watch out for sharp edges or corners during use.
- Check parts that are inaccessible to children to minimise the risk of injury.
- Make sure that the tabletop is not scratched by sharp objects.
- Do not use aggressive cleaning agents to avoid damaging the surface.
- Regularly check the stability of the fastenings to ensure safety.
