Article Numbers: 134680, 134679, 134678

Safety Instructions:

- Take care when handling flammable liquids. To protect against fire and explosion, keep a safe distance from ignition sources and protect from flames or sparks.
- Flammable liquids: Use only for the intended purpose as specified in the user manual. Only use the dosing can in well-ventilated areas and for authorised liquids.
- The flame arrester must not be removed, check regularly that it is functioning properly and keep it ready for use.
- Do not overfill to avoid overpressurisation. Ensure that the pressure relief valve is working properly.
- Check seals regularly for wear and replace if necessary. Check the jug regularly for damage or leaks.
- Close the jug tightly after use and do not heat above 60°C.
- Use with suitable protective gloves and goggles.
- Dispose of empty containers in accordance with local regulations for hazardous waste.
