Please note the technical data of the products!

Article Numbers: 211227, 211226, 211225, 211224, 211223, 211222, 211221, 211220

Safety Instructions:

- Caution: Avoid choking hazard due to loose parts and small parts, especially in the vicinity of children.
- Caution: Avoid risk of injury due to the belt snapping back, check belt function.
- Safety warning: Ensure that the panic lock works and does not release unintentionally under pressure.
- Check the centrifugal brake regularly to avoid the risk of injury due to uncontrolled snapping back.
- Set up the posts and straps stably and secure them to prevent them from falling over and coming loose during operation.
- Use only recommended on stable surfaces to avoid tipping over.
- Recommended use only under adult supervision in public areas to avoid accidents.
- Avoid risk of electric shock if electrical components are handled incorrectly.
- Ensure correct handling when transporting the product as it is heavy.
- Observe the maximum belt extension length of 2.0 m to prevent injuries.
- Observe the maximum distance regulation of 2.3 m, avoid risk of tripping and suffocation.
- Not suitable for children - risk of injury due to improper use.
