Safety Instructions:

- Risk of injury from moving parts if used incorrectly. Ensure safe installation and use.
- Make sure that the post is stable to prevent it from falling over.
- Keep children away from the product or use it under adult supervision, especially with small children.
- Avoid overstretching the straps beyond the recommended extension length of 2.0 m to prevent overloading.
- Exercise caution when the belts snap back quickly to avoid injury. Use the centrifugal brake.
- Regularly check the condition of the straps, posts and the panic lock for functionality and wear to ensure safety.
- The product is suitable for indoor and outdoor use, but should be protected from extreme weather conditions.
- Take care when using on wet floors as there is a risk of slipping.
- Maximum distance between posts: 2.3 m to avoid tripping hazards.
