Article Numbers: 211257, 211256, 211255, 211254, 211253, 211252, 211251, 211250

Safety Instructions:

- Risk of suffocation due to improper handling or loose straps, especially if they can be wrapped around.
- Risk of injury due to the belts snapping back quickly. Check the centrifugal brake to reduce the kickback.
- Panic lock could fail if used incorrectly. Test regularly for proper functioning and do not overload.
- Use is recommended under the supervision of experienced persons and is not suitable for children on their own. Adult supervision required.
- Do not pull the straps beyond the recommended length and check for damage.
- Pay attention to the durability and stability of the post with maximum spacing and the straps.
- Do not use posts above or near sharp or moving objects.
- Regularly check the belt bolt for safety and proper functioning.
- Observe the weight of the belt post during transport to avoid falls or injuries.
- Product not suitable for children under 3 years of age, as small parts can cause a choking hazard.
- Ensure that all loose objects in the area are removed to minimise the risk of tripping.
- Use in accordance with the instructions to avoid injury.
- Ensure correct positioning of the posts, taking stability into account.
- Do not exceed the load capacity of the product to ensure stability.
