Article Number: 882688

Safety Instructions:

- Please ensure that the pallet truck is only used on level surfaces to prevent it from tipping over.
- Do not load the pallet truck with more than the permissible load capacity of 400 kg.
- Before use, check that all parts are in perfect condition and that the trolley is correctly assembled.
- The foot pedal for lifting the platform should always be used under supervision.
- Insurance against injury or damage caused by improper use must be checked.
