Safety Instructions:

- Do not leave open - close securely when not in use.
- Protect from direct sunlight and moisture.
- Do not bring into contact with excessive heat or naked flames.
- Make sure that the cabinet is firmly anchored to the floor to prevent it from tipping over.
- Remove the cabinet from children's play areas and keep it out of the reach of children.
- Read and follow the operating instructions in full before use.
- In the event of a fire, make sure that the emergency exits are always accessible.
- Follow the instructions for safe use and installation of the fire protection cabinet.
- Only use the cabinet for its intended purpose (storage of documents and digital media).
- Keep all openings in the cabinet free of obstacles so as not to obstruct the air flow.
- Regularly check that the key lock or fingerprint lock is working properly.
