Article Numbers: 193747, 193746, 193745, 193744

Safety Instructions:

- Protection against unauthorised opening: Observe the general instructions for use before use.
- During installation, ensure that the safe is properly anchored to the wall or floor to prevent it from tipping over.
- The use of force to open the safe can lead to material damage. Avoid using brute force when opening or closing the door.
- Maintain the electronic lock regularly and ensure that it works to avoid lockout scenarios.
- Note: Suitable for responsible adults; keep away from children and protect from unauthorised access, especially in households with children.
- Electronic key lock is tamper-proof. Use it in accordance with the instructions to minimise the risk of theft.
- Keep the safe away from moisture to prevent rust and corrosion damage.
- Keep valuable items and inspection keys out of the reach of children to prevent misuse or unauthorised access.
- In the event of a power failure, use the inspection key lock to gain access.
- Store safely - Use only for the intended purpose.
- Risk of movement due to improper installation or use. Attach fixing material securely to ensure stability.
- Regularly check the product for damage or wear and tear and report any repairs immediately.
- Take care when handling heavy loads to avoid injury when lifting.
