Article Numbers: 39183, 39182

Safety Instructions:

- Ensure that the shelf is properly assembled and stabilised to prevent it from toppling over.
- Avoid overloading the shelves to minimise the risk of structural damage and accidents.
- Observe the maximum permissible load on the shelves.
- Only load the storage rack with suitable material.
- Note: The shelf is only suitable for storage purposes and not as a climbing aid.
- Include safety instructions for correct use and load distribution.
- Observe user safety during assembly and disassembly.
- Instructions for the safe disposal of shelving components that are no longer required should be enclosed.
